# Why AVer ?

## Innovative Market Leader

An award-winning provider of professional video conferencing solutions, AVer is devoted to developing innovative and stylish audiovisual collaboration solutions that enhance your business's productivity and increase your competitive advantage.

reddot award winner  
2019

## World-Class Quality

Thanks to seamlessly integrated software and world-class video quality that match any type of meeting room, AVer is compatible with most cloud- and web-based conferencing applications and is also certified by Microsoft Teams, Skype for Business, Zoom and Google Meet. We are committed to improving integration for the best video conferencing experience available.

## Compatible Applications

Zoom, Microsoft® Teams, Skype for Business, Skype, RingCentral, Google Meet, Intel® Unite™, BlueJeans, V-Cube, Fuze, CyberLink U Meeting®, TrueConf, Adobe® Connect™, Cisco Webex®, LiveOn, GoToMeeting™, Microsoft® Lync™, Vidyo, vMix, WebRTC, Wirecast, XSplit

# USB Video Conferencing

## The Perfect Video Solution for Any Meeting Room

Using a USB video conferencing camera to connect teams is becoming commonplace for businesses all across the world. AVer's plug-and-play USB solutions are equipped with the best video quality and the latest smart functions, making them ideal for pairing with third-party software to supply your teams with the most effective collaboration.

# Huddle Rooms

Huddle rooms are built for one to five people and provide a creative space for brainstorming, video conferencing, and creative activities. The AVer CAM130, CAM340+, VB130, and VB342+ are designed specifically for these rooms, providing instant remote collaborations with your team or clients.

## CAM130

For Brighter and Better Meetings

### Conference Camera

- Professional 4K camera offers lifelike imaging
- Intelligent lighting automatically adjusts to fit light conditions
- Lens cover secures privacy in a virtual world
- Auto framing and Preset framing that's easy to use
- Multiple mounts serve diverse purposes

## CAM340+

Captures the Entire Huddle Room

### Conference Camera

- Premium video quality via Sony® 4K sensor
- Fit everyone into your meeting with a 120° FOV
- Built-in microphone provides clear audio for remote-end participants
- Freedom to collaborate anywhere

# Huddle Rooms

Huddle rooms are built for one to five people and provide a creative space for brainstorming, video conferencing, and creative activities. The AVer CAM130, CAM340+, VB130, and VB342+ are designed specifically for these rooms, providing instant remote collaborations with your team or clients.

## VB130

Simply Brighter and Better

### Video Bar

- Ultra-Clear 4K imaging with flexible FOV
- Always appear energetic via intelligent lighting
- Uninterrupted collaboration with AVer's Audio Fence
- Exceptional audio quality via Beamforming Technology
- Audio tracking and Auto framing to precisely capture speakers in seconds

## VB342+

Captures the Room Intelligently

### Video Bar

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

# Small Rooms

Small rooms are made to fit groups of five to seven people and are used as formal spaces for client presentations and company-wide meetings. The AVer VB130 and VB342+ make group video calls easier and more efficient, supplying exceptional audio and video quality for your business.

## VB130

Simply Brighter and Better

### Video Bar

- Ultra-Clear 4K imaging with flexible FOV
- Always appear energetic via intelligent lighting
- Uninterrupted collaboration with AVer's Audio Fence
- Exceptional audio quality via Beamforming Technology
- Audio tracking and Auto framing to precisely capture speakers in seconds

## VB342+

Captures the Room Intelligently

### Video Bar

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

# Medium-to-Large Rooms

Medium-to-large rooms are large, formal spaces for client presentations and company-wide meetings, ideal for groups of 8 to 24 people. AVer's CAM540, VC540, CAM520 Pro2, and VC520 Pro2 deliver premium-quality cameras for the optimal video conference to give enterprises a clear competitive advantage.

## CAM540

Starts Your Meetings Efficiently

### Conference Camera

- Bring superior 4K quality to your meeting
- SmartFrame gets your meetings started fast
- Professional clarity via 16X Total zoom
- Make an impression with the CAM540's stylish design

Medium Room | 4.5 x 6 (m)

## VC540

Enables Superior Audiovisual Connections

### Conference Camera with Bluetooth® Speakerphone

- CAM540 4K camera and FONE540 speakerphone
- Bluetooth® Speakerphone for wireless PC connection
- Daisy-chain three speakerphones
- Daisy-chain up to four microphones

Medium Room | 4.5 x 6 (m)

## CAM520 Pro2

Intelligently Present Every Detail

### Conference Camera

- Present every detail with an 18X total zoom
- Hold efficient and safe meetings with upgraded AVer SmartFrame
- Virtual USB Streaming enables video calls without the hassle of connecting a USB cable!
- Share live video online anytime with IP streaming
- Enterprise-grade imaging with true WDR

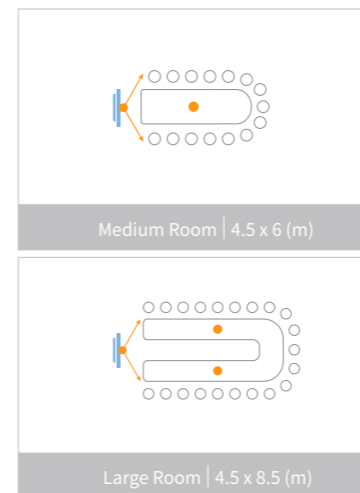

## VC520 Pro2

Smart Presenting with a Lifelike Audiovisual Experience

### Conference System

- Spot every detail with an 18X total zoom
- Get perfect audio with an extended speakerphone
- Support video and audio with one USB cable
- Improve meeting safety & efficiency with SmartFrame
- Livestream videos anytime, anywhere
- Keep natural clarity in any light conditions

## VB342+

Captures the Room Intelligently

### Video Bar

- All-in-one 4K video soundbar
- Fit your whole team in the room with a 120° FOV
- SmartFrame captures everyone
- SmartSpeaker instantly identifies speakers
- Constant clarity with True WDR

Optional

- 10 m Expansion Microphone
- 20 m Expansion Microphone

## Free Applications for Meeting Collaboration

(Free Apps support on Windows® and Mac® computers)

### EZManager 2

Camera Central Management Software

- Monitors the status of your devices via the dashboard
- Track the number of people in each room
- Remotely manage group FW/SW upgrades
- Control and set grouped camera parameters
- Supports Chrome / Firefox / Edge browser
- Only Supports on Windows®

### PTZApp 2

Camera Setting Software

- View live video, people counting number, meeting interval information
- Upgrade firmware automatically or manually
- Control the camera
- Set parameters and adjust the camera image
- Diagnose operating

### EZLive

Broadcasting Software

- Enjoy multi-camera real-time streaming, annotating, image capturing, and video recording

# Collaboration Controller

## Easy Access to Video Conferencing Solutions

Communicate safely and easily by adding the AVer CP10 to your meeting spaces. This new touch panel augments business interactions with antibacterial and anti-fingerprint glass, an intuitive interface, and an ergonomic viewing angle for video conferencing and meeting scheduling. It's compatible with all devices in the AVer USB CAM series to provide versatile collaborations.

## CP10

Safe and Easy Collaborative Touch

### Collaboration Controller with Zoom Rooms

- One touch starts efficient communication
- One cable connects everything
- Antibacterial solution keeps everyone safe
- Intuitive interface simplifies operation
- Built-in table stand for best operating angle

# Conferencing Speakerphone

## Ideal in Meeting Rooms of All Shapes and Sizes

The FONE540 is a daisy-chainable USB speakerphone that enhances your audio conferencing experience in personal workspaces, huddle rooms, and medium-to-large conference rooms. Easy to plug in, install, and use, the FONE540 supplies business-class acoustics without creating extra work.

## FONE540

Face-to-Face Audio Quality That Adapts to Any Space

### Conference Speakerphone

- Expansion speakerphones/microphones adapt to various spaces
- Advanced noise suppression achieves amazing acoustics
- Flawless audio for fluid communication
- A third party can join anytime, from anywhere
- Smart indicator lights clearly display the speaker status

# Interactive Flat Panel

## All-in-One Touch Panel for Any Meeting Room

Take advantage of the advanced business productivity that comes with AVer Interactive Flat Panel. These all-in-one displays for enterprises are fully loaded with a 4K P-CAP touch panel, a Windows® 10 IoT Intel® i7-7700 Processor, and a 4K camera. It only takes one touch to share ideas face-to-face with anyone, anywhere.

## EP65

Offers All-in-One for All You Need

### All-in-One Touch Panel with Zoom Rooms

- Seamless multi-integration with Zoom Rooms
- Super easy installation—just plug in a single power cable
- Close collaboration via 4K P-CAP touch panel with 20 touch points
- Multifunctional to meet enterprise-level requirements
- Lifelike video conferencing with a Sony® Exmor™ 4K CMOS sensor and a 13-element mic array
- Versatile compatibility via H.323/SIP

# On-Premise Video Conferencing

## Powerful On-Premise Systems for Mid-to-Large Meeting Rooms

AVer's SVC and EVC Video Conferencing Systems provide an affordable on-premise H.323/ SIP based video calling experience and include codecs with all the necessary features built in.

# Endpoint Systems

## EVC130

Delivers the Best Value in HD Video Conferencing

### Endpoint System

- Full HD 1080p
- PTZ camera with an 4X digital zoom
- Wide-angle HD with an 88° FOV
- Daisy-chain up to four microphones
- Cost-effective for your business

## EVC150

Focuses Your Meetings

### Endpoint System

- Full HD 1080p
- PTZ camera with an 18X total zoom
- Daisy-chain up to four microphones
- 100 camera presets

## EVC170

Diversifies Collaboration with a Built-In Meeting Server

### Endpoint System

- Full HD 1080p
- Focus your meeting with AVer SmartFrame
- Superior detail from an 18X total zoom
- Advancing video communication with a built-in meeting server
- Optional WebRTC (Web Real-Time Communication) license

## SVC100

Transforms Your Video Conferences

### Endpoint System

- Full HD 1080p
- Superior detail from an 18X total zoom
- WebRTC, SIP, and H.323 integration
- Supports dual-camera/dual-presentation
- RTMP for live video streaming
- Built-in 32 GB recording storage capacity

# Multipoint Systems

## SVC500

Elevate your video conferencing capabilities to the next level

### 6-way Multipoint System

- Full HD 1080p
- Superior detail from an 18X total zoom
- WebRTC, SIP, and H.323 integration
- Supports dual-camera/dual-presentation
- RTMP for live video streaming
- Built-in 32 GB recording storage capacity
- Supports license upgrade for up to 16 sites

## EVC350

Brings Your Whole Team Together

### 4-way Multipoint System

- Full HD 1080p
- Superior detail from an 18X total zoom
- License upgrade to 6, 8, or 10 sites
- Voice-activated layout switch automatically change the dominant speaker's image

## Free Collaboration Software Support

### VCAssist

- The go-to mobile meeting application
- Connect and operate your SVC system remotely via smartphone

### VCLink

- Wirelessly present live images and snapshots via iPad, iPhone, or Android™ devices

### EZDraw

- Turn communication into collaboration with annotation

### ScreenShare

- Wirelessly share content from your PC or Mac

### EZMeetup Plus

- 30-day free trial
- Connect with SIP and H.323 video codecs
- Supports content capturing, recording, and sharing

### VCPlayer

- Easily playback on PCs and notebooks, and convert files to .mp4 and .mov
