

Poly Headsets for UCx

TPX

Improve communications
and collaboration with
Poly headsets

Feel like you are in the office and part of the conversation with Poly headsets.

With many employees now working from home, quality headsets are playing a bigger part of businesses collaboration than ever before. Poly headsets are popular for a reason — they have the right headset for every work style and application.

Call Center Headsets

You have enough challenges these days, your CSR's ability to connect shouldn't be one of them. Poly headsets enable your team to stay productive — whether working from the office or fielding calls from home.

Office Headsets

Let's talk — it should be that simple. But there are so many headset scenarios, from open offices, to mobile work, to home offices and even kitchen tables. It's not a one size fits all situation. Fortunately, these headsets can connect you to all of your devices.

Mobile Headsets

These Poly devices are designed with the mobile professional in mind, enabling rich audio connections no matter where your work takes you.

Poly Encore Pro 310/320 (USB)

You can have it all in a contact center headset—for you, your workers, and your budget.

Key Features

- Flexible noise-canceling microphone boom
- Unique dynamic mute alert
- Acoustic protection with G616 and TWA
- Soft, replaceable ear cushions and lightweight design
- Inline call control for easy volume adjustment and muting

Poly Encore Pro 510/520 (QD)

Improve call quality with Poly's most popular contact center headset

Key Features

- USB and RJ-9 QD Cable options (sold separately)
- Compatible with PCs and desk phones with Plantronics audio processors. Connects to PCs via a USB QD cable (sold separately)
- Soft foam ear cushions and an adjustable fit offer comfortable wearing
- Wideband audio delivers crisp, rich sound to help reduce listening fatigue
- SoundGuard technology helps protect against sudden spikes in speaker volume

Poly Savi 8210/8220 Office

Ideal for executives and contact center professionals who use multiple devices in the office.

Key Features

- Roam up to 180ft in a typical office
- Enjoy an enterprise-quality audio experience by listening to music and media in premium hi-fi DECT stereo
- Active noise canceling (ANC) tunes out background noise, ensuring great audio quality
- Close Conversation Limiting removes background interruptions, such as adjacent coworkers, barking dogs, and outdoor power tools.
- Headset control lets you answer/end/mute calls directly from the headset (requires a Plantronics EHS cable sold separately)
- DECT Security certified; uses the latest standards in DECT wireless security
- Digital Signal Processing provides more natural voice sound

Poly Savi 8240 Office

Key Features

- Roam to 180ft in a typical office
- Active noise canceling (ANC) tunes out background noise, ensuring great audio quality
- Close Conversation Limiting removes background interruptions, such as adjacent coworkers, barking dogs, and outdoor power tools
- Headset controls let you answer/end/mute calls directly from the headset
- DECT Security certified; uses the latest standards in DECT wireless security
- Conference up to 3 additional users

Poly Voyager 4210/4220 UC Wireless BT

Give office workers flexibility and hands-free productivity with a Class 1 Bluetooth® roaming range of up to 98 ft indoors.

Key Features

- Meet everyone's needs with two wearing styles: mono—for those who want to hear their surroundings, or stereo—ideal for making every conversation sound face-to-face
- Make global deployments simple and seamless—no matter how many offices are involved—thanks to one comprehensive, user-friendly Bluetooth® technology solution

Poly Voyager 4245 CD Wireless BT Convertible

Comfortable for all-day wear, it's the lightest Bluetooth® headset for contact center use, weighing in at .75 oz/21 g.

Key Features

- Wearers can collaborate on the move, with a wireless range up to 98ft indoors
- Bluetooth technology allows for seamless and easy global wireless deployment
- Any distracting noise surrounding the speaker is blocked by the noise-canceling microphone

Poly Voyager 6200 Wireless BT

Get flexibility, freedom to roam and the excellent audio you expect from Poly. All in a wear-anywhere style you can pair with up to eight devices.

Key Features

- Block out distractions and remain focused on calls or work with on demand passive and active noise canceling (ANC)
- Put this neckband headset on and wear all day—it has a discreet, low profile and comfort-fit earbuds
- Bring your voice to the forefront and minimize distractions with four omnidirectional microphones
- Work seamlessly — switch from stereo to mono by dropping an earbud or remove both earbuds for face-to-face conversations
